

IN THE CLAIMS

Please amend the claims as follows:

1. (Currently Amended)      An electronic device with a timepiece having a dial face ~~simulating an analog clock, said dial face comprising that comprises a display monitor, and said electronic device comprising means for providing-generating a graphical representation of a scheduled activity-associated with a time-of day-segment-displayed on said display monitor, wherein the graphical representation comprises a segment having a length on the dial face associated with a duration of the scheduled activity, and a location of the segment on the dial face representative of a begin time of the scheduled activity, whereby a user of the electronic device is able to intuitively determine the start and end times of a scheduled activity without reading alphanumeric characters.~~
2. (Cancelled).
3. (Currently Amended)      ~~The electronic device of-as claimed in claim 21, wherein the segment has a graphical attribute associated with a type of the scheduled activity, the device being capable of associating a different graphical attribute with a different scheduled activity.~~
4. (Cancelled).
5. (Currently Amended)      ~~The electronic device of-as claimed in claim 1, wherein the graphical representation is programmable.~~
6. (Cancelled).

7. (Currently Amended) The electronic device of-as claimed in claim 1, wherein, the device is capable of providing said generating means generates on said display monitor, at least a further graphical representation of a further scheduled activity.

8. (Currently Amended) The electronic device of-as claimed in claim 1, comprising wherein said electronic device further comprises a communication component for communicating with another electronic device.

9. (Currently Amended) The electronic device of-as claimed in claim 8, wherein the communication uses a short-short-range communication protocol.

10. (Currently Amended) The electronic device of-as claimed in claim 9, wherein the other electronic device comprises an electronic calendar.

11. (Currently Amended) The electronic device of-as claimed in claim 9, wherein the other electronic device comprises a mobile phone.

12-13. (Cancelled).
